

Ivana je gonilna sila tako imenovanih Lanenih žensk s Črnovrške planote, ki so pred leti obudile tradicijo pridelave in predelave lanu v teh krajih. Danes bi se verjetno strinjale, da rek "Lan je lan, z njim je posla leto in dan" še kako drži. Da je pred nami končni izdelek, je namreč potrebnega veliko ročnega dela, pomoči narave in truda. Spretno Ivanine roke tkejo čudovite uporabne izdelke, ki lahko krasijo dom ali služijo kot modni dodatek.

Ivana is the driving force of the Lanene ženske (Flaxen Women) group from the Črni Vrh Plateau who have revived the tradition of growing and processing flax in the area. They would probably agree with the saying: Flax will be flax, a good year of work before you relax. Before the end product is achieved, an incredible amount of handwork and effort needs to be invested and some help from nature added. Ivana's nimble fingers weave astonishing functional products that can decorate your home or serve as a fashion accessory.
