

Manica pletenje in kvačkanje spremljata že od otroških let. Po pletilkah rada poseže zlasti v zimskih mesecih, ko so večeri dolgi in je več doma. Pletenje ji predstavlja tudi prijetno sprostitev po službi. Navdih za izdelavo rokavic iz kuhane volne je dobila, ko je potrebovala zelo tople in trpežne rokavice, primerne za gornišstvo in alpinizem.

Manica has been engaging in knitting and crocheting since childhood. She especially likes to grab a pair of knitting needles in the winter months when the evenings are longer and she spends more time at home. For her, knitting is a pleasant relaxing activity after work. She found inspiration for her boiled-wool gloves when she herself needed extremely warm and durable gloves in which she could mountaineer and climb.

Ročno pletene rokavice iz kuhane volne *Hand-knitted gloves from boiled wool*

Naj tudi vaše roke grejejo čudovite rokavice iz 100-odstotne slovenske ovčje volne. Najprej so ročno pletene v več plasteh z izbranim vzorcem in nato filcane, da se volna spolsti. Izdelane so po vzorcu rokavic, ki jih je med 2. svetovno vojno na Vojskem izgubil zavezniški vojak.

Give your hands the gift of extremely warm and beautiful gloves made from 100 percent Slovenian sheep wool. Firstly, the gloves are hand-knitted in multiple layers with a chosen pattern and then felted for the fibres to mesh. Their look was inspired by the gloves lost by an allied soldier at the village of Vojsko during WWII.
