Serija slik »Razmišljanje ob čipki« *A series of images "Reflections Inspired by Lace"*

Uokvirjene črno-bele reprodukcije vektorskih risb, ustvarjene na enak način kot čipka: z vozlički prepletene nitjo. Prikazujejo razmišljanje ob mislih, spletenih v glavah klekljaric. Avtor je slikar Dado Andder.

Framed black-and-white reproductions of vector drawings, created in the same way as lace: intertwined threads with knots. They reflect contemplations that spring up in the minds of the lacemakers. By Dado Andder.
